Receipts — octroi.

The Dy Commr of the Mysore District proposes the abolition of the octroi in all Municipalities in the district except Mysore Town and the Sub-division Officer French Rocks suggests that the Tax be done away with in Attikuppa, Nagamangala Melkote and Maddur retaining it on 5+ articles in the towns of Mandya and Chemarajapatna and he leaves the number of articles taxed in the town of Seringapatam undisturbed. Under all the circumstances represented the Dewan is inclined to the opinion expressed in para 2 of Proceedings No 3077—7 (12 5) of the 30th August 1883, that the Tax should be abolished in all the Municipalities except those at Mysore, Nanjangud Seringapatam and perhaps

perhaps Hunsur where the population is somewhat large and the receipts are not inconsiderable and seem capable of improvement under strict supervision. It would, however, be advantageous to generally confine the Tax to the 5 articles above named.

Compared with the Estimates of the past year, the Estimates of Income under the House and Mohtarfa Taxes shew large decreases as noted in the margin in the towns of Malvalli and Arkalgud. These have not been explained.

~~It is observed that the Estimate of receipts from Bullock Carts is debited under Pasture, Fees, or less than one fourth of the cost of the establishment of the Talook which has been entered also in the Budget~~

Expenditure Head Office

5 An Establishment consisting of 1 Clerk on Rs 25, 1 on Rs 15 and a peon on Rs 5 is maintained in the Mysore district Office and in addition to this the Systems provides Rs 12 per annum for contingencies in each of the towns of Kolar Narsipur and Hirakalgud together with Rs 15 on account of Office furniture for the latter; and suggests a rateable distribution of the cost among the Municipalities only in the district as the Sub-division Officer remarks that the work of audit connected with the Municipalities under his charge is done in his Office and proposes to give to ~~an allowance~~ the Magisterial Clerk of the Sub-division doing municipal work an allowance of Rs 15 per mensem this charge being debited to

the

the Municipalities in the sub-division. An allowance of Rs 10 from Municipal Funds is sanctioned to the Magesterial Clerk of the sub-division for doing Municipal work. With regard to the Establishment in the Mysore district it is observed that it certainly admits of reduction as it is relieved of the audit of Municipal Accounts of the sub-division and as the Mysore Municipal Board in para 2 of their Proceedings dated 13th May 1884 have resolved that the statement of the Annual Accounts of the Mysore Municipality for the year 1883/4 should be referred for audit to a Committee consisting of Mr: C Raja Row as President and Messrs Raghava Chary and Puttanna as members. The pay for Municipal

Clerks

Clerk in Other districts is generally Rs 20 and the Government is requested to state what reduction he proposes in his Municipal Establishment.

6 The Municipal Board of Seringapatam ~~proposes~~ ~~revision~~ have submitted proposals for revision of the Head Office, Collection and Conservancy Establishments. Their proposals ~~which~~ ~~are~~ modified by the recommendations of the Sub-division Officer are sanctioned as noted in the margin.

ed in all the towns of the
Mysore District except
Hunsur and Nanjungud
where the realizations from
this source are not in
considerable, and if it be
retained in these towns on
Betel leaves, Tobacco and
Cocoanuts, dry and green
and Cloth, the loss to
Government would be
reduced to Rs 470 and
that to municipal revenue
to Rs ~~1791~~ 22. By this
arrangement the Govern:
